

# **SNAP EBT Token Basics**

**Vendors who sell eligible foods have SNAP EBT signage displayed stating SNAP Accepted Here.**

**Market has enough SNAP tokens for all daily transactions. No change may be given for SNAP EBT.**

**SNAP customers are not charged a transaction fee to swipe their EBT card.**

**SNAP EBT tokens may never be exchanged for cash.**

**Vendors should be flexible and help customers by letting them add in or remove product to meet the amount of tokens they have.**

**SNAP tokens must be different in color and appearance than credit/debit or market tokens.**

**Allow customers to return unused SNAP EBT tokens for a refund back to their SNAP EBT card.**

**Tokens given for SNAP EBT never expire. Customers can use them same day, next trip to market or years later.**
